Supply Good Quality Oxalic Acid CAS 205-634-3

Basic Info.

CAS No.:	205-634-3
Formula:	(Cooh)2.2h20
EINECS:	205-634-3
Appearance:	Crystal
Grade Standard:	Industrial Grade
Colour:	White Transparent Crystal
Transport Package:	25kg Paper Bag
HS Code:	2917111000
Origin:	China

Test Items	Unit	Result			Standard No.
		20230104	20230109	20230120

Storage and handling:

The temperature during storage and transportation shall not be higher than 40 ºC . It shall be moisture-proof and rain proof, and shall be separated from alkaline substances to prevent contact with food object contact. Avoid direct contact with skin during handling.

Used

1. In textile printing and dyeing industry, it is used as mordant for cotton and wool, tanning and bleaching of leather, bleaching of plywood, etc;

2. Oxalic acid is an intermediate or necessary reagent in the synthesis of chemicals.

3. In the chemical industry, it is used for starch hydrolysis to produce pure dextrin and glucose, to produce various oxalate reagents for analysis, and to synthesize oxalate, oxalate ester, etc;

4. In the pharmaceutical industry, it is used to manufacture aureomycin, vitamin B2, streptomycin, tetracycline and other drugs;

5. It is used in metallurgical industry to refine high-purity nickel, rare earth metals and manufacture carbon rods.

Company infofmation

Xiamen Ditai Chemicals Co., Ltd is a professional chemical company in C-ve, Agrochemical, Fertilizer, pharmaceuticals, water treatment and Minerals. Our management team has over 17 years of combined expertise meeting the needs of clients. We are proud our quality chemcials and service was approbated by the clients in the worldwide.

Xiamen Ditai Chemicals Co., Ltd is an ISO9001:2008 certificated organization. We alway pay attention to the quality control. For us, quality means satisfied clients. Only by constantly improving our internal and external procedures are we able to remain a reliable supplier of chemicals for our clients worldwide. Every step of the distribution chain is constantly checked and rechecked to guarantee the quality. Through continuous improvement in quality and service, we will provide our customers with products of optimum quality consistent with their requirements.

Besides the quality, we think the competitive price of goods is also important. Our comprehensive distribution network, buying power and efficient inventory management system allow us to offer our products at the best possible prices. Our principle is: Quality Chemicals With Competitive Prices - We Supply!

Up to now many of our chemicals have been done REACH final registration. It is convenient for the clients to use our chemicals in Europe market.

Your satisfaction is our most interested thing. Also your any suggestion will be highly welcome by us. Now enjoy your visiting and hope to hearing from you!
